## JANUARY 2020 – APRIL 2020

*Colorado's Wild Residents* is an exploration of wildlife in Colorado. This exhibit will take viewers from the Sandwash Basin to the San Juan Mountains to all points in between, no travel required. The selected artworks will be on display at the Colorado State Capitol, including the Governor's Office, Lieutenant Governor's Office, and basement rotunda.

The goal of the exhibit is to highlight the variety of wildlife that calls Colorado home, while paying homage to the iconic animals that make our state part of the American West. An indelible part of Coloradoans' experience for generations, five local photographers seek to bring the strength and beauty of these wild residents into the Capitol building for all to admire and enjoy.

**Photographers include:** Jeff Goudy, Linda Ghent, Holly Simon, Dan Walters, and Lauren Lang.

*The art exhibition program, Creative Capitol, celebrates Colorado artists by displaying rotating art exhibitions at the State Capitol. Exhibitions are sponsored by Colorado Creative Industries, a division of the Office of Economic Development and International Trade. The mission of Colorado Creative Industries is to promote, support and expand the creative industries to drive Colorado's economy, grow jobs and enhance our quality of life.
